Lakeport Police Dept. responds to another report of Juvenile being followed by a suspicious person.

Sergeant Jason Ferguson

February 1, 2011

Less than one month after a female juvenile was followed to her home after leaving school, a second incident has been reported involving a male juvenile in the 800 block of Anastasia Drive. The male juvenile was reportedly walking home from school and was followed by a male subject described as a middle aged white male adult with very short brown hair, approximately six feet, one inches tall, and weighing one hundred and sixty pounds. He was last seen wearing a light blue long sleeve shirt and white shorts.

Although these two incidents appear to be unrelated, both subjects are being sought for questioning and identification.

Any persons with information leading to the possible identity of the male subject is asked to contact the Lakeport Police Dept.

Notifications were made to the School District as well as the School Resource Officer.
