#### **REPORT ON CURRENT PROJECTS WITH ADA COMPONENTS**

City Engineer Harter gave a report on current projects within the City. The Forbes Street ARRA Project is done. This project included 45 new accessible ramps. The Performance European Project is ready to be done.

The City Council wants to see an infill project on Main Street to include areas “between” other projects where the streets and sidewalks need to be upgraded. Proposals for design of this project are due September 29.

A consultant has been hired to give us an engineering report with recommendations for the intersection at South Main Street and Lakeport Boulevard. Funding will be reviewed at a later date.

The City Engineer will look at what funding may be available to fund ADA projects within the City.

#### **MOBILITY STUDY**

James Dvorak presented the results of the mobility study. The area that seemed to get the most complaints was the Martin Street/Bevins Street area.

**OTHER ITEMS OF INFORMATION OR DISCUSSION ON WHICH NO FORMAL MOTION(S) SHALL BE PROPOSED**

Discussion was held regarding terms of the committee members. We currently have two vacancies. Vicki Cole has indicated that she is willing to serve on the committee. It was recommended that we ask the City Council appoint Vicki to the TSAC Committee and then ask the TSAC committee to appoint her as liaisons between TSAC and the ADA Committees.

**ADJOURN**

There being no further business, Chair Shane Idland adjourned the meeting at 4:12 p.m.

Respectfully submitted,

Janel M. Chapman, City Clerk
