CALTRANS ADA GRIEVANCE

City Engineer Harter reported that CalTrans has said that their position is that the City must proceed with fixing the projects listed in the grievance. CalTrans wants the City to project when these projects will be done. There is no state or federal funding available for these projects, and they will have to be funded with our local dollars or regular transportation dollars. This will have to be taken to the Council for direction. CalTrans indicated that ten years is a reasonable timeline to complete the projects.

CITY BUDGET UPDATE

The City has almost a \$300,000 shortfall this year. The final budget has not yet been adopted.
