 Benchmark Vertical Data based on NGVD29. Level loops performed by City of Lakeport Staff.

Benchmarks are located on the bonnet bolts of various fire hydrants throughout the City and typically marked with a chisled cross. Benchmark data was collected over a seven year period between 1990 and 1997. Data has not been verified since. City assumes no responsibility for the accuracy or completeness of the data provided herein. Elevation data is based on NGVD29.
