

Lakeport PD partners with Nixle.com

Nixle's mission is to enable government agencies, small to medium size businesses and enterprise-level organizations to communicate in a secure way and exchange multimedia content over a trusted mobile platform. The product line supports secure enterprise grade communications for both public and private messaging. Nixle provides communities throughout the country with news and information that is both proximate and personally relevant. Their technology is critical in creating new communication paths that have never existed before. The Lakeport Police Department is excited about partnering with Nixle to provide up-to-date information affecting neighborhoods and the community as a whole. We encourage members of our community to visit www.nixle.com, register as a CITIZEN, and enjoy receiving alerts, advisements, community "happenings" and traffic information. Did we mention it is FREE!
