March 14, 2011

From: Brad Rasmussen, Interim Chief of Police

For further information contact Lakeport PD Interim Chief Brad Rasmussen, Clearlake PD Interim Chief Craig Clausen or Lake County Sheriff Frank Rivero. The Lakeport Police Department, Clearlake Police Department and Lake County Sheriff's Office would like to thank local area businesses and community organizations for their support and donations which funded this year's local law enforcement agencies partnership with the National Child Safety Council's (NCSC) children's safety educational materials program.

The National Child Safety Council is a nonprofit organization whose mission is dedicated to the safety of children. The NCSC provides over 300 pieces of educational material about child safety, drug abuse prevention and missing children which are used by approximately 6000 public safety agencies in 40 states. Examples of the educational books used locally for elementary through high school age children include drug abuse resistance education, school violence prevention, gang prevention, gun safety, internet safety, stranger danger, inappropriate touching, home safety and safe walker-safe rider tips. For detailed information about the NCSC and its mission or materials go to: www.nationalchildsafetycouncil.org

Local law enforcement agencies use the materials to promote child safety and educate children in our schools and throughout our communities. We are proud to work in partnership with the NCSC, local businesses, community organizations and local school districts in protecting our youth.

Interested local citizens, businesses, community or youth organizations or school staff may contact their local law enforcement agency for further information or to obtain copies of the educational materials.
