The Lakeport Police Department (LPD) will begin conducting alcoholic beverage enforcement operations, licensed premises inspections and alcoholic beverage control education during the month of August and continuing through fiscal year 2008/2009. At least one enforcement operation, targeting the sale or delivery of alcoholic beverages to minors, will be conducted prior to August 31<sup>st</sup>.

These operations are funded through a grant received from the California Department of Alcoholic Beverage Control (ABC). ABC Investigators will work with LPD officers during the operations.

The goal of the grant is to educate licensees and reduce the number of alcohol related violations in the community, especially with regard to minors.

Alcoholic beverage licensees seeking additional information are encouraged to contact the department. Training dates will be announced in the future.
