Lakeport Neighborhood Watch Program

From: Officer Destry Henderson

10/30/2012

The Lakeport Police Department is proud to announce the forming of a neighborhood watch program within the city. The program has been underway since this summer and has been implemented in the Armstrong St. area, consisting of residents in the nearby neighborhoods. The program has seen positive impacts in that area of Lakeport and has helped build another lane of communication between the Lakeport Police Department and the community members.

Our goal is to reduce crime and expand communication between the police department and city residents and business owners.

The Lakeport Police Department is seeking additional neighborhoods in the city to become involved in this program. If you are interested in starting a neighborhood watch program, attending a meeting, joining an existing area program, or have additional questions please contact Officer Destry Henderson 707-263-5491 ext 27 or by email at dhenderson@lakeportpolice.org.
