In an effort to increase driver awareness and the safety of the public the Lakeport Police Department will be implementing targeted traffic enforcement details on random days.

After considering community concerns and assessing higher traffic volume areas of the city, the department intends to increase enforcement of hazardous traffic violations such as speed, improper turning movements, right of way violations, failure to obey traffic signs or signals, impaired driving and use of cellular phones while driving.

The targeted area for the week starting December 18, 2011 will be Main St. between Lakeport Blvd. and Eleventh St.

Members of the public are encouraged to contact a department supervisor to discuss any traffic safety concerns they may have.
