			IMPORTANT INFORMATION * The street sweeper is scheduled to run from 8:00 a.m. to 4:00 p.m. Monday's through Wednesday's, 8:00 a.m. until route is completed on Thursday's and 6:00 a.m. until 2:30 p.m. on Friday's. * Blowing Leaves into the street is acceptable, but please DO NOT put them in piles and don't include large tree limbs or overgrown vegetation as the street sweeper can't sweep up piles of leaves or large pieces of debris. * Please be advised that there may be minor interruptions to the set schedule from time to time due to City workloads and availability of manpower. Please utilize your green waste can. * Please make sure your vehicles, trash can receptacles, and basketball hoops are removed from the street on your scheduled route day; the street sweeper will not return to a location just because a resident failed to move their vehicle or trash can receptacles. PLEASE NOTE the operator documents time & location of each route and can provide proof if a vehicle/trash can receptacle was not moved. * If you have any questions regarding this schedule please call 707-263-3578. * Due to the large amount of leaves the operator may be required to leave a location to empty the street sweeper. Please note that the operator will return to a location and begin where he left off.	

* - Indicates street will be swept as needed.
