8th Grade Terrace Middle School student reports possibly being followed by suspicious person while walking to school

4-20-12 1000 hrs.

On 4-20-12 at approximately 8:14 am, School Resource Officer Stephanie Green contacted an 8th grade Terrace Middle School Student who reported she was possibly followed by a suspicious person while walking to school at around 7:40 am.

The female student reported she walked to school from the 800 block of 16th St. When she reached the area of what we believe to be High St. she said she noticed the suspicious male walking in the same direction on the opposite side of the street. She said he continuously stared at her while walking in the same direction at a slow pace. After several blocks, the 8th grader said she was picked up by a friend and got a ride the rest of the way to school and did not see where the subject went.

The student described the suspicious person as a white male, 30 to 40 years old, approximately 6 feet tall, thin build, with short dirty bond hair. He was wearing a long sleeve charcoal colored shirt, beige pants, possibly shoeless, and had a dirty appearance.

The incident is being investigated by Officer Green. Anyone with information should contact Officer Green at the Lakeport Police Department, 263-5491.

Sergeant Kevin Odom, Lakeport Police.
