

**CITY OF LAKEPORT  
BUILDING PERMIT SUPPLEMENTAL INFORMATION SHEET**

# TREE PRESERVATION

**The City of Lakeport Zoning Ordinance states in part:**  
**Section 17.21.040 Land Development Tree Report:** Development projects involving applications for building permits and land use projects within the City shall include a tree report where there are existing native trees located on the site.

**PROJECT ADDRESS:** \_\_\_\_\_

**NATIVE TREES INCLUDE:  
OAK, WILLOW, COTTONWOOD, DIGGER PINE, AND REDWOOD.**

In the table below, please answer the following questions:

- #1 Type of native tree.
- #2 Diameter of the trunk and main stems measured 4.5 feet above the root crown.
- #3 The average canopy spread of the tree.
- #4 The health of the tree, including the disclosure of any significant disease, insect infestation, fire, mechanical, or wind damage that may be present.

	<b>#1 TREE TYPE</b>	<b>#2 DIAMETER OF / MAIN TRUNK / STEMS</b>	<b>#3 CANOPY SPREAD</b>	<b>#4 HEALTH</b>
